\$93.00 (Includes Manual)

Tuesday July 3 – Friday July 14

10:00 - 11:00am

Bronze Medallion

This course offers skills such as self-rescue, rescue breathing, CPR and rescue of others. You must be 13 years or older to register in this course or have completed Bronze Star. The Lifesaving Manual is required for this course, please purchase at time of registration or bring a borrowed copy to each class. Participation in all 20 hours is mandatory.

Oliver Community Pool

13+ years

\$192.75 (Includes Manual)

Monday to Friday, July 16 - 27

8:30 - 11:00am

Bronze Cross

This course builds on the skills learned in Bronze Medallion to provide an introduction to advanced rescue and first aid techniques. Bronze Cross is a pre-requisite for all advanced aquatic-training programs, so if you plan to pursue a career in this area, this is the course for you! You must have completed Bronze Medallion to register in this course. Participation in all 20 hours is mandatory.

Oliver Community Pool

13+ years

\$148.00

Monday to Friday, August 13 - 24

8:30 - 11:00am

Lightning Policy

Because of the unpredictable nature of lightning and its often disastrous consequences, the Oliver Community Pool will always adhere to the following safety guidelines as set out by the NATIONAL LIGHTNING SAFETY INSTITUTE.

1. When thunder is heard 30 seconds or less after a flash of lightning is observed, the pool will be cleared. Staff strongly recommends that all patrons remain inside the pool building until the storm subsides.
2. Pool activities shall remain suspended until 30 minutes after the last thunder is heard. There will be no exceptions. It should be noted that storms are erratic and even though it may appear "safe" to resume activity, it is not.
3. Red Cross lessons are also subject to cancellation due to lightning. There will be no reimbursement or rescheduling of the classes that are cancelled due to weather.
